

4-core fiber optic quick connector for relay protection FOB price

Article Overview

4-core fiber optic quick connectors suitable for relay protection are available in LC, ODC, and termination box formats, with FOB prices typically ranging from \$5 to \$50 per unit depending on type and customization.

Connector Types and Features

1. LC 4-Core Quick Connectors

- Standard multimode LC adapters with 4 cores, designed for fast plug-and-play installation.
- Suitable for telecom, data centers, and relay protection systems.
- FOB pricing varies depending on quantity and customization, generally starting from \$5-\$15 per unit for standard models from Chinese suppliers . 2. ODC 4-Core Connectors

- Rugged circular connectors with IP68-rated sealing, ensuring waterproof, dustproof, and durable connections.
- Support both single-mode and multi-mode fibers, ideal for industrial, marine, and outdoor relay protection applications.
- Features include push-pull locking for tool-free mating and hybrid options integrating power and data lines.
- FOB prices typically range from \$20-\$50 per connector, depending on specifications and environmental protection requirements . 3. 4-Core Fiber Optic Termination Boxes (FTB)...
