

Austrian Photovoltaic Distribution Box

Article Overview

SunFuse and SOLARSOLUTION are among the leading Austrian companies providing high-quality photovoltaic distribution boxes and related PV system components.

SunFuse

SunFuse is an Austrian manufacturer specializing in PV distribution boxes and accessories designed for safety, efficiency, and durability. Their product range includes the PV Box PushIN, PV Box PlugIN, and various network and system protection solutions. Key features include Push-IN technology, integrated overvoltage protection (T1+T2), IP65/IP67 protection, and compatibility with multiple MPP trackers, making them suitable for both residential and larger commercial installations. SunFuse products comply with ÖNORM EN 61439-3, ensuring high safety and quality standards, and they offer options with Smartmeter integration for advanced monitoring .

SOLARSOLUTION

SOLARSOLUTION operates as a B2B distributor for photovoltaic and electrical components in Austria. They supply PV modules, inverters, storage systems, mounting structures, and distribution boxes from trusted manufacturers such as DAH Solar, K2 Systems, S:FLEX, Growatt, Solax, Fronius, and Huawei. Their services include project support, planning tools, and reliable logistics, making them a practical partner for electricians, installers, and project developers. SOLARSOLUTION emphasizes verified products, clear processes, and dependable availability, ensuring smooth project execution
