

Bahrain Optical Cable Splicing Service Company

Article Overview

Key providers of optical cable splicing and fiber optic solutions in Bahrain include ALKOMED, DigiWorld, Almoayyed Trading & Contracting (ATC), and Chrome Electricals.

ALKOMED Engineering Services

ALKOMED offers comprehensive fiber optic cable installation and splicing services using advanced equipment like the Fujikura FSM-50S splicing machine. They handle single-mode, multi-mode, DTS, and dispersion-shifted fibers, providing on-site testing, commissioning, and fault location services. Their expertise extends to high-voltage power cable networks, but they also deliver full fiber optic solutions including splice loss measurements, end-to-end system loss, and drum tests across Bahrain and the Middle East .

DigiWorld

DigiWorld specializes in fiber optic installations, splicing, and repairs for both indoor and outdoor networks. They provide aerial and underground construction for FTTH, FTTC, FTTP, and FTTX networks. Their services cover full turnkey solutions, emergency restoration, and maintenance for communications carriers, broadband providers, and industrial clients. DigiWorld emphasizes high-quality splicing and testing, supported by a team of experienced professionals
