

Belarusian Grid Cable Tray Processing Plant

Article Overview

Belarus hosts a growing cable tray manufacturing sector with multiple verified production units and suppliers serving both domestic and export markets.

Overview of Cable Tray Manufacturing in Belarus

Belarus has a rapidly expanding industrial ecosystem, and the cable tray sector plays a key role in domestic supply chains and international exports. The country features a range of manufacturing units, from small-scale operations to large industrial plants, offering bulk production, OEM manufacturing, private labeling, and wholesale supply options (VyaaparOne) . These facilities are equipped to handle various types of cable trays, including ladder, perforated, and mesh designs, suitable for low, medium, and high-voltage installations.

Key Manufacturers and Facilities

- Energokomplekt is one of the largest companies in Belarus for cable and wire production, operating four production workshops with full infrastructure. They produce a wide range of cables, including low, medium, and high-voltage types, and employ around 600 specialists, with 26% being engineers and technicians, ensuring high-quality manufacturing standards .
- Other verified manufacturers can be found through B2B platforms like VyaaparOne, which allow direct connection with suppliers, comparison of production capabilities, certifications, and pricing, reducing sourcing risks
