

Bhutan Optical Cable Splicing Package

Article Overview

Bhutan offers a range of optical cable splicing equipment and services through local suppliers and authorized distributors, including fusion splicers, OTDRs, and fiber testing tools.

Local Suppliers and Services

Nima Lotey Fiber Service (NLFS) in Bhutan provides a comprehensive range of fiber optic products and services. Their offerings include fiber cables, patch cords, enclosures, media converters, fiber connectors, and toolkits. They also provide OTDR rental, fusion splicing rental, and calibration services, along with fiber network design and installation for GPON and passive fiber networks. NLFS emphasizes fiber splicing services, which involve fusing two fibers using an electric arc to ensure low loss, minimal reflectance, and strong, reliable joints. They also handle fiber testing, maintenance, and restoration for damaged or severed cables. Nexus Technology-Thimphu is the authorized dealer for American Fujikura Ltd. (AFL) products in Bhutan. They supply a wide range of fusion splicing equipment, field and specialty splicing kits, fiber inspection and cleaning tools, OTDRs, and optical loss testers. Nexus also provides pre-terminated cable assemblies, splice closures, FTTx splitter cabinets, and connectivity accessories, supporting both installation and maintenance of fiber networks.

International Equipment Suppliers

Aitelong, a professional manufacturer and supplier, offers high-quality optical fiber splicing machines, PON power meters, AC/DC load banks, and VRLA battery testers....
