

# Cable tray pricing in Bolivia

## Article Overview

Cable trays in Bolivia are generally affordable, with prices influenced by material, size, and supplier, typically ranging from \$10 to \$50 per meter for standard steel or aluminum trays.

### Price Overview

Cable trays are a cost-effective solution for electrical installations in Bolivia, offering durability, low maintenance, and ease of installation. The cost depends on several factors:

- **Material:** Steel trays are usually less expensive than aluminum or stainless steel. Galvanized steel is common and provides corrosion resistance at a moderate price.
- **Type and Size:** Ladder-type, perforated, or solid-bottom trays vary in price. Wider or heavier-duty trays cost more. Standard lengths are typically 2–3 meters per section.
- **Supplier and Brand:** Local suppliers like Jeetmull Jaichandlall and Brilltech Engineers offer competitive pricing, and discounts may be available for bulk orders.
- **Additional Accessories:** Supports, bends, and junctions add to the total cost. Installation hardware may be included or sold separately.

### Estimated Cost Range

- Basic steel cable trays: \$10–\$20 per meter
- Aluminum or heavy-duty trays: \$25–\$50 per meter
- Custom or specialized trays: Prices can exceed \$50 per meter depending on specifications and coatings...
