

Cuba CIF price integrated container rack type

Article Overview

The CIF price for shipping integrated container racks to Cuba typically ranges from \$800–\$1,500 for a standard 20-foot container, with additional costs for insurance, customs, and specialized container types.

CIF Pricing Overview

The CIF (Cost, Insurance, and Freight) price includes the vendor's FOB price, ocean freight, insurance, and Cuban customs clearance. For shipments from the U.S. to Cuba, the most common departure port is Miami, while Mariel is preferred for TSRA food imports due to lower tariffs and better handling. Standard 20-foot containers cost approximately \$800–\$1,500, while refrigerated containers (reefers) range from \$1,800–\$2,400. Less-than-container load (LCL) shipments are charged per cubic meter, typically \$80–\$150 per CBM, and bulk shipments are priced per metric ton at \$35–\$60 per MT.

Container Types for Integrated Racks

For integrated container racks, the following container types are commonly used:

- Standard 20-foot or 40-foot containers: Suitable for most rack shipments, providing secure stacking and transport.
- High cube containers: Offer extra height for taller racks or additional cargo volume.
- Reefer containers: Required if the racks include temperature-sensitive component...
