

Estonian Power Fiber Optic Cable Custom Manufacturer

Article Overview

Estonia hosts several specialized manufacturers and service providers for custom power fiber optic cables, including Fineltec, Astrec Baltic, A-Kaabel, and Estonian Fiber.

Key Manufacturers and Providers

Fineltec is a well-established company with over 25 years of experience in fiber optic products, offering multifibre cables, hybrid cables, ribbon cables, and custom solutions for telecommunications and industrial applications. They provide singlemode, multimode, and combined fiber types, with advanced lifecycle and quality management services for custom cable production . Astrec Baltic specializes in fiber optic and telecommunication network infrastructure components. They offer a wide range of products for fiber optic installers, including custom solutions, and emphasize economically efficient designs and training for specialists . A-Kaabel provides integrated solutions for fiber optic cable installation and medium-voltage electrical systems. They offer full-service installation, testing, and maintenance, including underground, overhead, and cable tray installations. Their services are suitable for commercial, telecom, and industrial clients seeking custom deployment of fiber optic networks . Estonian Fiber focuses on fully digitized network planning and deployment. They provide detailed project planning, GIS-based network design, and coordination of installation teams, making them a strong partner for custom fiber optic network projects in Estonia
