

Estonian Vibration Optical Cable Price List

Article Overview

The average import price of optical fiber cables in Estonia was approximately \$16,629 per ton in 2024, while the export price averaged \$54,477 per ton.

Market Pricing Overview

In Estonia, optical fiber cables, including high-performance variants used for vibration-sensitive or specialized applications, are influenced by global supply chains and raw material costs. In 2024, the average import price stood at \$16,629 per ton, reflecting a 54% increase from the previous year, while the export price was \$54,477 per ton, down 33% from 2023 due to market fluctuations and prior price peaks in 2023 at \$81,263 per ton . Prices are affected by factors such as:

- Raw material costs (copper, aluminum, and specialized polymers)
- Technological specifications (bandwidth, vibration resistance, and fiber type)
- Global supply chain dynamics and tariffs
- Regional demand driven by 5G rollout, smart grid infrastructure, and data center expansion .

Local Suppliers and Services

Estonian companies like A-Kaabel provide installation and maintenance services for fiber-optic networks, including underground, overhead, and tray-based cable systems. While they do not list per-unit prices publicly, they offer full-service solutio...
