

Factory makes cable tray welding supports

Article Overview

Several manufacturers specialize in cable tray supports, including custom welding solutions for industrial and construction applications.

Leading Manufacturers

- ICS Industries offers cable tray supports designed for secure mounting in industrial environments. They provide custom fabrication and can design supports to meet specific project requirements, including welding-ready configurations .
- Atkore is a global manufacturer with a broad portfolio of cable tray systems and support solutions suitable for both indoor and outdoor installations .
- PT Trias Indra Saputra specializes in reliable cable tray systems and supports, emphasizing quality and adaptability for various cable management needs .
- MP Husky manufactures a wide range of cable tray systems and support structures in materials like aluminum, galvanized steel, stainless steel, and fiberglass, meeting industry standards such as NEMA, UL, and CSA .

Materials and Types

Cable tray supports are typically made from stainless steel, galvanized steel, aluminum, or fiberglass (FRP/GRP), depending on the application and environmental conditions . Supports can be designed for ladder, perforated, trough, or wire mesh cable trays, and may include brackets, fittings, and welding surfaces for secure installation
