

How much does a Hungarian tray-type cable tray cost

Article Overview

Cable trays in Hungary typically cost between \$10 and \$50 per meter, depending on material, type, and finish.

Price Overview

The cost of cable trays in Hungary varies widely based on material, design, and coating. Steel trays, which are common for durability, generally range from \$10 to \$30 per meter, while aluminum trays, valued for being lightweight and corrosion-resistant, can cost \$20 to \$50 per meter. Plastic trays are the most budget-friendly option but are suitable only for light loads and non-industrial environments .

Factors Affecting Price

- **Material:** Galvanized steel is standard and cost-effective; stainless steel is more expensive but highly corrosion-resistant; aluminum is lightweight but pricier; plastic is cheapest but limited in load capacity .
- **Tray Type:** Ladder trays hold heavy cables and cost more, while perforated or wire mesh trays are cheaper and suitable for lighter installations .
- **Coating and Finish:** Hot-dip galvanized (HDG) trays last longer outdoors but cost more upfront; powder-coated trays offer wear protection and color options; pre-galvanized trays are cheaper but less durable in corrosive environments .
- **Order Size and Supplier:** Bulk orders can reduce per-meter costs, and local distributors in Hungary, such as Emtron KFT and AVIUS.hu, offer customized solutio...
