

How much does it cost to rent a network server rack in Mauritania

Article Overview

Server rack rental in Mauritania is likely to cost between \$300 and \$1,500 per month for a standard full rack, depending on power, bandwidth, and service level.

Estimated Pricing

While exact prices in Mauritania are not publicly listed, international colocation pricing provides a useful reference:

- Single rack units (1-2U): Approximately \$250-\$500 per month for basic power and network access .
- Full 42U racks: Typically range from \$1,300 to \$1,500 per month for standard density, with high-density racks (10-20 kW) potentially costing \$1,000-\$4,000 per month depending on power and redundancy .
- Power and bandwidth: Costs increase with higher power requirements, redundant power setups, and faster or dedicated network connections .

Factors Affecting Cost

- Rack Size: Half racks (20-22U) are cheaper than full racks (42U), and pricing scales with the number of units rented .
- Power Requirements: High-density servers or GPU clusters require more kW, increasing monthly fees .
- Bandwidth and Connectivity: Dedicated or burstable bandwidth, cross-connects, and DDoS protection can add to the cost
