

Imported busbar connector company

Article Overview

Leading busbar connector suppliers and importers include global manufacturers from China, Vietnam, South Korea, and specialized companies like Amphenol and Zhejiang Rutong Electric Technology Co., Ltd.

Global Import Overview

Worldwide, busbar connectors are primarily imported from Vietnam, China, and South Korea, with Vietnam leading in shipment volume, followed by India and Russia (2023-2024 data) . The global market involves hundreds of suppliers and buyers, reflecting a competitive and diverse supply chain .

Notable Manufacturers and Suppliers

- Zhejiang Rutong Electric Technology Co., Ltd. (China): Specializes in high-quality busbar connectors, including insulated, plug-in, and customized options. Their products are widely used in power distribution, industrial automation, and renewable energy applications, emphasizing safety and performance standards .
- Amphenol: Offers high-performing, low-resistance busbar connectors for power distribution between busbars, cables, and circuit boards. Their BarKlip® series supports OCP V3 architecture and is suitable for data centers, EV charging stations, and energy storage systems .
- Other Industrial Manufacturers: Companies like Stäubli, ODU, and BSB provide connectors for high-current busbar applications, including plug-in systems, power converters, and electric powertrains. Products include BSB A Series connectors rated up to 350A and 1500V DC
