

# Intelligent PDU Power Supply Manufacturer

## Article Overview

Leading intelligent PDU manufacturers include APC by Schneider Electric, Vertiv, Eaton, Raritan, NBYOSUN, Sipolar, and IDCPCDU, offering advanced monitoring, energy efficiency, and customizable solutions.

### Top Global Manufacturers

- APC by Schneider Electric: Known for high-quality smart PDUs with outlet-level monitoring, remote management, and energy optimization features suitable for enterprise and hyperscale data centers .
- Vertiv: Offers intelligent rack PDUs with advanced monitoring, environmental sensors, and scalable deployment options .
- Eaton: Provides a range of smart PDUs with metering, remote control, and robust safety features for critical IT infrastructure .
- Raritan: Specializes in intelligent PDUs with real-time monitoring, energy management, and secure outlet control .

### Notable Chinese Manufacturers

- NBYOSUN: Offers Basic, Metered, Smart, and Heavy Duty PDUs, including dual-input and 3-phase models, with features like overload protection, locking IEC outlets, and durable construction .
- Sipolar: Focuses on industrial-grade smart PDUs with LCD displays, remote monitoring, surge protection, and customizable configurations for data centers, lab...

## Article Content

### Clever Power

Clever Basic PDUs are available with a wide range of power input and output options from AC to DC, 1-phase to 3-phase, 10A to

### Intelligent PDU

### Smart PDU Solutions | Intelligent Power Distribution Units

Smart PDU Intelligent Power Distribution Units for remote management, monitoring and control. Factory-direct from an ISO9001

### Top 5 PDU Manufacturers Shaping the Industry

Among the leading PDU manufacturers shaping the industry are Ningbo YOSUN, APC by Schneider Electric, Vertiv, Eaton, and

### Data Center Rack Power Distribution Unit (PDU) Companies

Get profiles of Data Center Rack Power Distribution Unit (PDU) companies - leading, established, and top emerging players - with

### Intelligent Power Distribution Units

Intelligent Power Distribution Units (PDUs) Intelligent Power Distribution Units are at the forefront of this transformation. They offer

### Power distribution unit

Cabinet PDU with access doors open A power distribution unit (PDU) is a device fitted with multiple outputs designed to distribute

### Power Distribution Unit

Power originates from the main power supply, is transferred through central UPS and sub-distribution systems, and is supplied to

### Intelligent PDUs | Smart Power Distribution Units | Server Room ...

Intelligent pdus with inlet and outlet monitoring and switched sockets from the Server Room Environments range of power distribution

### Eaton ePDUs

Eaton's rack mounted power distribution units, called ePDUs, provide power to IT equipment within a rack and include a variety of

### IPDU Intelligent Power Distribution Unit

IPDU Intelligent Power Distribution Unit - An Intelligent Power Distribution Unit (iPDU), also known as a Smart PDU or Intelligent

Power Distribution Units (PDUs)

Custom PDUs, smart PDUs, and basic PDUs for industrial, military, aerospace, and OEM applications. We specialize in integrating

Intelligent PDU | nVent DATA-SOLUTIONS

Changing your location may affect product availability. Certain products may not be available in all international regions. Current

Smart PDU's - Intelligent Power Management | nVent DATA

Elevate your power management capabilities with nVent iPDUs, the epitome of innovation and reliability in the industry. Our

Smart PDU's - Intelligent Power Management | nVent DATA

Our comprehensive range of Smart nVent iPDUs, is designed to transform the way you manage power in your data center. nVent is

What Is an Intelligent PDU? | Data Center Glossary | Sunbird DCIM

An intelligent power distribution unit (PDU) is a networked power supply for IT equipment in a server cabinet that provides real-time
