

Malaysia Fiber Optic Array Manufacturer

Article Overview

Malaysia hosts several reputable fiber optic manufacturers, including Hextar Group, OPCOM Holdings, Max. Fibrecomm, OMS Group, and Binarix, offering a range of cables, accessories, and engineering services.

Key Manufacturers

Hextar Group of Companies Established in 1994, Hextar Group is a leading player in Malaysia's fiber optic industry, covering manufacturing, processing, trading, and installation of fiber optic cables and accessories. Their 7-acre MS ISO 9001:2015 and ISO 14001:2015 certified plant produces over 20,000 km of cable annually and features the country's only fully equipped and certified product testing laboratory . OPCOM Holdings Berhad OPCOM, incorporated in 1994, specializes in fiber optic cables and related products. They maintain a fully equipped laboratory for cable testing and hold MS ISO 9001:2000 and MS ISO 14001:2004 certifications. OPCOM has a strong partnership with Ericsson Network Technologies AB, Sweden, facilitating technology transfer and product development . Max. Fibrecomm Max. Fibrecomm provides telecommunications network services, including dark fiber and high-speed transmission solutions. Their extensive backbone network ensures reliable connectivity, making them a significant player in Malaysia's fiber optic landscape . OMS Group OMS Group specializes in submarine fiber optic cable systems, offering manufacturing, installation, maintenance, and project management services. Their expertise in subsea telecommunications positions them as a key provider of high-performance fiber optic infrastructure . Binarix Sdn. Bhd. Binarix manufactures fiber optic products, FTTH solutions, structured cabling, coaxial, RF & wireless systems, and installation accessories. They serve both local and international clients, empha...
