Don't know where or how to obtain a full network cabling installation pricing assessment?

Then try out our simple Structured Cabling Cost Calculator! Need to budget the data cabling installation costs for your facility?

Don't know where or how to obtain a full network cabling installation pricing assessment?

Then try out our simple Structured Cabling Cost Calculator! Just by answering a few simple questions, our structured cabling cost estimate. Professional network cabling in 2026 typically costs \$150-\$250 per commercial Cat6 drop, \$200-\$350+ per harder Cat6A commercial drop, and \$200-\$400 for isolated finished-wall additions where minimum service-call labor dominates. Open-wall pre-wire lowers the per-drop cost. Finished-wall retrofits. Network cabling typically costs \$150-\$300 per drop for Cat6, and \$200-\$350 per drop for Cat6A. This includes materials (cable, jacks, patch panel ports) and labor. Our calculator above provides a customized estimate. If you are a UK company or school or a private individual requiring network (networking) service...
