

Niger Photovoltaic Combiner Box Price Quote

Article Overview

A 4-string PV combiner box in the region is priced around ₦95,000, with larger or customized units costing more depending on specifications.

Local Pricing Reference

In Nigeria, a 4-string photovoltaic combiner box is listed for ₦95,000 on Jiji.ng, a local online marketplace, which can serve as a reference for Niger due to geographic proximity and similar market conditions (Jiji.ng) . Prices may vary based on the number of strings, IP rating, and additional features like surge protection.

Online Supplier Options

- Alibaba offers PV combiner boxes with IP65 waterproofing, CE certification, and 1000–1500V ratings, suitable for larger solar installations. Prices vary depending on quantity and specifications (Alibaba) .
- VoltaconSolar provides both standard and customized combiner boxes for multiple PV strings, including options with monitoring devices and surge protection. Custom solutions can be requested via email (VoltaconSolar) .

Industrial and Utility-Scale Options

For larger solar projects, such as mobile solar PV containers or utility-scale installations, prices are significantly higher. For example, containerized energy stor...
