

Nordic Fiber Optic Connector Supplier

Article Overview

Foss Fiber Optics, NorthLab Photonics, and MicroComp Nordic AB are leading manufacturers and suppliers of fiber optic connectors in the Nordic region.

Foss Fiber Optics (Norway)

Foss Fiber Optics is a Norwegian manufacturer specializing in high-quality fiber optic solutions for telecommunications, defense, offshore, and industrial sectors . Established in 1987, the company produces standard and custom fiber optic cables and connectors, including robust Plug & Play systems for demanding environments. Their production facilities in Drammen and Lillesand focus on high-quality fiber optic connectors, data racks, and structured cabling systems, with strict quality control and ISO 9001 and ISO 14001 certifications . Foss also develops specialized systems for harsh conditions, such as maritime or industrial applications.

NorthLab Photonics (Sweden)

NorthLab Photonics, based in Stockholm, Sweden, provides advanced fiber optic assemblies and tools for R&D, manufacturing, and industrial applications . They offer custom fiber optic components, including fused fiber bundles, optical combiners, and mode field adapters. NorthLab also provides training and certified repair services for fiber preparation, splicing, and processing, supporting industries like photonics, aerospace, defense, and healthcare. Their solutions are designed for precision, reliability, and high-volume production, making them suitable for both research and industrial deployment....
