

North African Ladder Cable Tray Brands

Article Overview

Several African-based manufacturers supply ladder-type cable trays suitable for North African projects, including Ned-Tech, Hutaib Electrical, CMG, and Actsys.

Key Manufacturers and Suppliers

Ned-Tech – Based in Nigeria, Ned-Tech offers a wide range of cable management solutions including ladder-type cable trays, perforated trays, and solid-bottom trays. Their products are made from galvanized steel, stainless steel, and aluminum, providing corrosion resistance suitable for harsh climates. Ned-Tech distributes across Africa, including West and Central African countries, and provides technical support for industrial, commercial, and IT installations . Hutaib Electrical – Operating from South Africa, Hutaib Electrical manufactures ladder-type cable trays in welded and bolt-and-nut configurations. They offer standard lengths of 2.5 meters and widths from 300mm to 1000mm, with finishes including hot-dip galvanized, pre-galvanized, powder-coated, and stainless steel (SS-202/304/316). Hutaib also supplies accessories such as bends, elbows, tees, and reducers, making them a comprehensive provider for industrial projects . Cable Management Group (CMG) – CMG designs and manufactures high-quality cable ladder systems across Africa. Their products include perforated and solid cable trays for light, medium, and heavy-duty applications. CMG also provides complementary cable management products like conduit fittings, cable glands, and support systems, ensuring full project integration . Actsys – Actsys supplies hot-dipped galvanized steel ladder-type cable trays with corrosion resistance, suitable for commercial and industrial buildings. They provide standard 3-meter lengths and accessories such as horizontal bends, four-way crossovers, and tee junctions, facilitating flexible installation and future cable maint...
