

Norwegian Tier 1 Distribution Box Manufacturer

Article Overview

TINEX Group AS and Weidmüller Norway are leading Tier 1 manufacturers of distribution boxes in Norway.

TINEX Group AS

TINEX Group AS is a Norwegian technology company established in 1991, specializing in telecommunications and industrial components. They are a market-leading supplier of fiber splice and distribution boxes, serving professional operators across Norway. TINEX provides a wide range of high-quality, certified products for fiber optic networks and industrial applications, ensuring reliable performance and compliance with industry standards. Their offerings include both standard and customized solutions, and they support clients with ordering and technical guidance for professional installations .

Weidmüller Norway

Weidmüller Norway manufactures modular and decentralized distribution boxes suitable for signal and power transmission up to protection class IP67. Their products are designed for robust, high-quality connections in industrial and automation environments. Weidmüller offers modular enclosures, ergonomic sensor-actuator distributors, and variants for hazardous EX zones. Their FieldPower® system combines busbar trunking and standard cables for flexible power and signal distribution, with certified compliance to global standards. The company emphasize...
