

Palestinian Fiber Optic Cable Junction Box Manufacturer

Article Overview

JDECO is a key Palestinian company involved in fiber optic network infrastructure, including junction boxes and splicing services.

Key Manufacturers and Providers

JDECO (Jerusalem District Electricity Co.) JDECO is a major player in the Palestinian telecommunications and electrical sector, offering fiber optic contracting services, including aerial and direct burial cables, FTTx technologies, and fiber optic splicing and terminal solutions. They also provide training through the FOA-approved JDECO Training Center, making them a central contributor to the development of fiber optic networks in Palestine . Techline Although based in the MENA region, Techline provides a comprehensive range of fiber optic passive equipment, including enclosure boxes, distribution boxes, and joint closures. They offer product customization and solutions suitable for Palestinian network requirements, emphasizing cost-effective, high-quality installations . Arabian Interface Arabian Interface manufactures fiber optic joint boxes designed for underground, aerial, and buried environments. Their FOJB inline joint boxes ensure safe splicing, protection, and distribution of fiber optic cables, which can be relevant for Palestinian network projects . B2B Market Listings Europages lists multiple suppliers and manufacturers of fiber optic splice and junction boxes that serve the Palestinian market. These include companies offering customized solutions for fiber optic cable junctions, allowing direct contact with wholesalers and producers
