

Price of Optical Cable Interconnection Box

Article Overview

Optical cable connection boxes typically range from \$20 to \$150 depending on type, capacity, and features.

Price Overview

- **Small Wall-Mount Boxes:** Basic fiber optic terminal boxes for indoor use with 6–12 ports are available on Amazon for around \$20–\$50. These boxes often include LC, SC, or PLC adapters and are suitable for home or small office FTTH installations .
- **Outdoor or Weatherproof Boxes:** IP65-rated outdoor fiber distribution boxes with 12-core capacity, integrated cable management, and support for optical splitters cost approximately \$50–\$100 . These are designed for pole or wall mounting and protect fibers from moisture, dust, and extreme temperatures.
- **Rack-Mounted or High-Capacity Boxes:** Industrial or 19" rack-mounted optical terminal boxes for commercial networks, supporting 24–48 fibers with splice trays and modular adapters, can range from \$100–\$150 or more depending on configuration and manufacturer . These are used in server rooms, network cabinets, or large-scale FTTH deployments.

Factors Affecting Price

- **Capacity:** Number of fiber ports or cores (e.g., 12, 24, 48) directly impacts cost.
- **Environment:** Outdoor-rated, waterproof, and dustproof enclosures are more expensive than indoor-only boxes.
- **Features:** Integrated splice trays, cable management, and support for optical split...
