

Price of a Main Distribution Box Example

Overview

New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity. Understanding distribution box cost is essential for businesses and property owners planning electrical installations or upgrades. A distribution box, also known as an electrical distribution board or panel, serves as the central hub for managing and distributing electrical power throughout a building. Ever walked into a room and flipped a switch without thinking about what makes the lights come on?

That's the magic of a well-designed electrical system. At the heart of this system lies the humble distribution box - your building's power manager. Can I request customization or OEM branding on power distribution boxes?
