

Price of pipe gallery cable trays and cable wells

Article Overview

Cable trays and cable wells in 2026 range from approximately \$0.80 to \$76 per unit depending on material, type, and application, with wire mesh trays being the most affordable and heavy-duty galvanized trays costing more.

Cable Tray Pricing Overview

- Hot-Dip Galvanized Ladder Trays: Standard lengths of 2.4 meters are commonly used in industrial and commercial projects. Prices vary based on width, height, and load capacity, typically ranging from \$20 to \$150 per tray for medium to heavy-duty options .
- Wire Mesh (Basket) Trays: These are lightweight, easy to cut, and ideal for data centers or office cabling. Prices are lower, generally \$15 to \$34 per unit for B2C purchases, with wholesale B2B prices as low as \$0.80 per unit .
- Stainless Steel, Aluminum, or Fiberglass (FRP/GRP) Trays: Used for specialized or offshore applications, these materials command higher prices due to durability and corrosion resistance, often \$50 to \$76 per unit or more depending on specifications .

Cable Wells and Pipe Galleries

Cable wells, which are recessed or underground cable management systems, are typically priced higher than open trays due to excavation, concrete work, and protective covers. Costs depend on dimensions, material, and installation complexity. While exact prices vary by project, pipe gallery systems using trays can save 40-60...
