

Price of wire trough cable trays

Article Overview

Wire trough cable trays typically cost between \$2 and \$25 per meter, depending on material, size, and type.

Price Range by Material and Type

- Galvanized Steel: Most common, durable, and cost-effective, generally ranging from \$5 to \$25 per meter for steel trays .
- Aluminum: Lightweight and corrosion-resistant, ideal for outdoor or humid environments, costing around \$6 to \$30 per meter .
- Stainless Steel: Highly durable and corrosion-resistant, suitable for industrial or harsh environments, usually at the higher end of the price spectrum .
- Plastic or FRP (Fiberglass Reinforced Plastic): Budget-friendly for light loads, with prices ranging from \$10 to \$50 per meter depending on specifications .

Wire Trough Specifics

Wire trough cable trays, also called wiring trough enclosures, are designed for protected cable routing, terminations, and junctions. They are often used in industrial and commercial settings and are available from brands like nVent Hoffman, Rittal, and Allied Moulded . Prices for these enclosures vary based on size, brand, and configuration, but they generally fall within the \$2-\$25 per meter range for standard troughs .
