

Price per meter of optical cable tray

Overview

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. □□ For bulk orders or project pricing, the cost can be significantly lower. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Solid-bottom trays provide complete cable protection, making them suitable for sensitive cables that require shielding from dust and debris. Technical specifications are paramount. Consider the load capacity required for your application, the cable tray type (ladder, perforated, solid-bottom, wire mesh), material (galvanized steel, stainless steel), and finish. Dwyers Online Store – Washing Machines, LCD TVs, Electrical, Tools & Garden. Working Load per 2 meter: 100KG 240mm - Max.
