

Quote for 10 square millimeter cable tray

Article Overview

The cost of a 10 square millimeter cable tray varies by material, type, and installation, typically ranging from \$2 to \$25 per meter.

Pricing Overview

Cable tray prices depend on material, type, size, and finish. For a 10 mm² cable tray:

- Galvanized steel trays are the most common, balancing durability and cost, typically \$5–\$25 per meter for standard sizes ().
 - Aluminum trays are lightweight and corrosion-resistant, costing \$6–\$30 per meter, suitable for humid or industrial environments ().
 - FRP (fiberglass) trays are ideal for aggressive environments, priced \$10–\$50 per meter ().
 - Plastic or PVC trays are budget-friendly but not recommended for heavy loads ().
- The tray type also affects cost: ladder trays are generally more expensive than perforated or solid trays due to their load-bearing capacity ().

Additional Cost Factors

- Installation complexity: Wall-mounted, ceiling, or trapeze supports can increase labor costs ().
- Fittings and accessories: Connectors, brackets, and covers add to the total cost ().
- Quantity and bulk orders: Larger orders may reduce per-meter pricing ().
- Environmental protection: Coatings like HDG or powder coating increase durability and cost ()....
