

Ranking of Manufacturers Selling Whole Reel Optical Cables

Article Overview

Top manufacturers of whole reel optical cables include Prysmian Group, Corning Inc, Sumitomo Electric, LS Cable & System, Sterlite Technologies, and YOFC, recognized for global reach, production scale, and high-quality fiber optic solutions.

Leading Manufacturers

- Prysmian Group – Headquartered in Italy, Prysmian is the world's largest fiber optic cable manufacturer, offering a comprehensive product portfolio for telecommunications and energy applications. Their global presence and innovative solutions make them a dominant supplier for whole reel optical cables .
- Corning Inc – A US-based pioneer in low-loss optical fiber technology, Corning holds approximately 10.4% of the global fiber optic market. They provide high-performance optical fibers and pre-terminated trunk cables suitable for data centers and long-haul networks .
- Sumitomo Electric Industries – Founded in Japan, Sumitomo specializes in optical fibers, fiber optic cables, and related equipment. Their expertise in materials technology and global distribution ensures reliable supply for industrial and telecom applications .
- LS Cable & System – Based in South Korea, LS Cable & System produces fiber optic and power cables with a focus on automation and cost-efficiency. They are particularly strong in large-scale urban FTTH deployments and international markets .
- Sterlite Technologies Limited – An Indian manufacturer, Sterlite focuses on optical fibers, fiber optic cables, and digital network solutions. They are prominent in smart city and 5G network projects across India, Southeast Asia, and Africa
