

Ranking of Nigerian Data Center Cable Management System Companies

Article Overview

Top Nigerian companies for data center cable management include MainOne (MDXi), Netcom, CloudPro, Descasio, and Center Point Multi Solutions, recognized for their expertise in structured cabling and IT infrastructure.

Leading Companies and Their Cable Management Capabilities

- **MainOne (MDXi)** MainOne, through its MDXi subsidiary, is a major player in West Africa's data center market. They provide comprehensive data center solutions, including structured cabling, connectivity services, and high-availability infrastructure, making them a top choice for cable management systems in Nigeria .
- **Netcom** Netcom specializes in Managed IT Services, including Infrastructure as a Service (IaaS) and dedicated internet connectivity. Their expertise in network infrastructure and cabling supports efficient data center operations and digital transformation initiatives .
- **CloudPro** CloudPro focuses on professional cloud hosting and infrastructure solutions, offering secure and high-availability services. Their experience with platforms like Azure and AWS ensures robust cable management and structured network deployment .
- **Descasio** Descasio provides cloud and IT infrastructure services, partnering with major platforms like Google Cloud and Microsoft Azure. Their solutions include advanced cabling and data center design, enhancing operational efficiency and data security .
- **Center Point Multi Solutions Limited** This company delivers IT infrastructure and data center solutions for government, SMEs, and enterprises. Their client-centered...
