

Sc Full-duplex fiber optic patch panel

Overview

FHU® adapter panel is made of SPCC material and pre-loaded with SC adapters. Nexconec sliding patch panel accepts 24 adapters SC Simplex or LC Duplex within 1U space. The DPPY12 BK Series DIN Rail Fiber Optic Patch Panel with SC Duplex fiber optic adapters is created with high-quality powder-coated aluminium material; therefore, it is lightweight yet rugged to be deployed in an industrial working environment. The product is primarily used with standard 19-inch cabinets or racks. It has a powder-coated paint finish. Raised slots in the panel base allow for customized. The 1U 24 port fiber patch panel is designed to realize the connection between external optical cables and pigtails, it is available to configure with SC/LC plate as application need. It has four cable entry points on the back fitted with rubber grommets to protect the fiber optic cable from damage. 1U Patch Panel + Adapters + splice trays + pigtails Maximum capacity 24 duplex adapters Data sheet Learn More The images are a representation of the product.
