

# Temporary metering distribution box for construction sites

## Overview

A temporary builders' supply kiosk or enclosure is a common fixture in the construction industry, providing housing for switchgears, meters, and incoming feeds. These kiosks are particularly useful when setting up new building sites or providing temporary power supply to builders. Labérine Énergie offers electrical distribution cabinets: from 30 to 60 Amperes in Blue Tariff and from 160 to 400 Amperes in Yellow Tariff. Protected by a thick sheet metal casing, these distribution cabinets are designed for temporary installations and, thanks to double insulation, meet safety. Installation distribution boxes as a mobile solution for exhibition stand construction as well as light and event technology. WIV DISTRIBUTION BOXES MAXIMUM FLEXIBILITY + MOBILITY. It must protect people, protect equipment, reduce installation chaos, and make emergency control simple. Ritherdon have manufactured power supply enclosures for this sector for many years.
