

U-shaped steel cable tray anti-electromarking price FOB export quotation

Article Overview

FOB export quotations for U-shaped steel cable trays are available from Chinese manufacturers, with prices provided upon request based on specifications, quantity, and shipping terms.

Product Overview

U-shaped steel cable trays are designed for industrial and commercial cable management, providing durable support and anti-electromarking protection. Common specifications include:

- Material: Cold-rolled steel, stainless steel, or hot-dip galvanized steel
- Surface Treatment: Powder coating or galvanization to prevent corrosion and electromarking
- Dimensions: Standard lengths of 2.5 meters; widths from 200mm to 600mm; cross beam spacing around 312mm
- Compliance: Meets international standards such as IEC 61537, NEMA, UL, and CENELEC EN 50173-1
