

Venezuelan high-voltage power distribution boxes available in stock

Article Overview

High-voltage power distribution boxes are available in Venezuela through authorized distributors like Servieleca and international suppliers offering immediate stock for industrial and EV applications.

Local Suppliers

Servieleca is a leading Venezuelan supplier specializing in medium and low-voltage equipment, including high-voltage distribution boxes, MCCBs, MCBs, ACBs, VCBs, contactors, and relays. They maintain ample stock for rapid delivery and provide technical support for industrial projects, including power distribution panels, CCMs, and photovoltaic systems. Servieleca is the official distributor of HD Hyundai Electric in Venezuela, ensuring authentic, high-quality components with factory-backed warranties and direct import from South Korea .

International Options

International Config offers Venezuela-compliant power strips and PDU units suitable for data centers, server rooms, and industrial applications. These units are manufactured to local standards and are available in stock for immediate shipment . EG Electronics provides a wide range of high-voltage power distribution units (HV PDUs) suitable for industrial, automotive, and hybrid electric platforms. Their units include protection for primary circuits, controlled power flow, short-circuit protection, and environmental sealing up to IP6K9K. These HV PDUs operate in voltage ranges f...
