

# Venezuelan network server rack manufacturers

## Article Overview

There is limited publicly available information on dedicated Venezuelan server rack manufacturers, so sourcing often involves local distributors or international suppliers.

### Overview

Venezuela does not appear to have widely recognized manufacturers of server racks and network enclosures listed online. Most server rack production is concentrated in regions like China, the United States, and Europe, where companies such as Panduit, CyberPower Systems, and Enconnex dominate the market . Local IT infrastructure in Venezuela typically relies on imported racks or regional distributors who supply standard 19-inch server racks, cabinets, and accessories.

### Sourcing Options in Venezuela

- **Local Distributors and IT Suppliers** Venezuelan IT companies often import racks from international manufacturers. These distributors may provide standard floor-standing or wall-mounted racks, as well as accessories like PDUs, cable management, and cooling solutions.
- **Custom Fabrication** Some Venezuelan metal fabrication shops may offer custom server rack solutions, especially for industrial or enterprise clients. These are typically made to order and can accommodate specific dimensions, weight capacities, and ventilation requirements.
- **Online International Suppliers** Companies like SYSRACKS provide 19-inch server racks and cabinets that can be shipped internationally, including to Venezuela . Oth...
