

Waterproof aviation power distribution box manufacturer

Article Overview

Several manufacturers provide waterproof aviation power distribution boxes, including SELHOT, PHLTD, SinoBreaker, and Saipwell, offering IP-rated, durable, and customizable solutions.

Key Manufacturers and Offerings

SELHOT produces plastic power distribution boxes made from UV-resistant PC/ABS materials, offering IP65–IP67 waterproof and dustproof performance. Their products are customizable in terms of color, material, opening positions, and internal wiring configurations, making them suitable for outdoor, marine, and aviation-related applications. SELHOT also provides CE/TUV-certified enclosures and can develop unique molds for specialized projects. PHLTD specializes in portable maintenance and power socket boxes for aviation and construction sites. Their ABS engineering plastic boxes are impact-resistant, corrosion-resistant, and rated IP44. They are designed for airport runway maintenance, aircraft maintenance garages, and other aviation environments, with customizable internal configurations for circuit breakers, sockets, and leakage protectors. Portability is enhanced with handles for easy mobility. SinoBreaker offers waterproof distribution boxes with IP65–IP68 sealing, suitable for harsh outdoor and industrial environments. Their range includes plastic housings and DIN rail configurations, providing flexible wiring options. The AT Series is compact for tight spaces, while the HT Series offers more internal room for additional terminals or DIN rail setups. These enclosures are UV-stabilized and designed for long-term reliability. Saipwell provides a variety of waterproof boxes, including aluminum, pla...
