

What are some Cuban box-type optical splitter manufacturers

Article Overview

Currently, there are no publicly listed Cuban manufacturers of box-type optical splitters; most suppliers are based in China, the USA, and other countries.

Overview of Box-Type Optical Splitters

Box-type optical splitters, often based on planar lightwave circuit (PLC) technology, are essential for distributing optical signals in fiber networks such as EPON, GPON, and FTTx systems. These devices provide low insertion loss, high uniformity, and reliable signal quality, and are available in various connector types and packaging sizes to suit different deployment environments (JPT Laser) .

Global Manufacturers

While Cuba does not appear to have dedicated manufacturers, several international companies produce high-quality box-type optical splitters:

- JPT Laser: Offers ABS box-type PLC fiber splitters with low insertion loss and dependable optical performance .
- T&S Communications: Provides PLC splitters and FBT couplers for fiber optic networks .
- OptiWorks and HYC Co., Ltd: Specialize in PLC splitters for telecommunications and data center applications .
- Browave Corporation: Produces 1xN and 2xN PLC splitters for FTTx, PON, and CAT...

Article Content

Fiber Optic Splitters

Clearfield leads the way with optical component technologies for PON splitting, C/W division multiplexing and optical circulators.

What is Fiber Optic Splitter and Types

What is a Fiber Optic Splitter? Fiber optic splitter is a passive optical device used to distribute optical signals, which

Top 100 Fiber Optic Splitter Suppliers in 2026 | ensun

Identify and compare relevant B2B manufacturers, suppliers and retailers. Max. T& S Communications specializes in manufacturing

What are Beamsplitters?

What are Beamsplitters? Beamsplitter Construction | Types of Beamsplitters
Beamsplitters are optical components used to split

Fiber Optic Splitters in or near All Regions (NA) on Thomasnet

Manufacturer of fiberoptic products. Products include fiber Bragg gratings, phase masks, h2 loading systems, light sources, laser

Custom Beamsplitters

Excelitas offers a wide array of beamsplitters in plate, cube and custom multi-port configurations. Utilizing our proprietary adhesive

Top Optical Splitter Manufacturers in United States

The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers

Top 100 Optical Splitter Manufacturers in 2026 | ensun

T& S Communications specializes in optical network applications, offering a range of fiber optic connectivity products, including PLC

Optical Beamsplitters | Beamsplitter Selection | Edmund Optics

Beamsplitters Beamsplitters are optical components used to split input light into two separate parts. Beamsplitters are common

Optical Splitter at Best Price from Manufacturers ...

Find Optical Splitter manufacturers, suppliers, dealers & latest prices from top companies in India. Buy from a wide range of Optical

Beam Splitter Manufacturers, Suppliers, Dealers & Prices

Find Beam Splitter manufacturers, suppliers, dealers & latest prices from top companies in India. Buy from a wide range of Beam

Beam Splitters – optical power splitter, beamsplitter, thin-film ...

Beam splitters are devices for splitting a laser beam into two or more beams. There are different types, including polarizing and non

Beam Splitters

What is a Beam Splitter? A beam splitter or power splitter is an optical device that can split an incident light beam e.g. a laser beam

19 Splitter Manufacturers in 2026

This section provides an overview for splitters as well as their applications and principles. Also, please take a look at the list of 19

China Optical Splitter, Optical Splitter Wholesale, Manufacturers ...

Our Optical Splitter offers exceptional quality within the Fiber Optic Equipment category. Selecting factory-priced fiber optic equipment

42 Beamsplitter Manufacturers in 2026

42 Beamsplitter Manufacturers in 2026 This section provides an overview for beamsplitters as well as their applications and

Box Splitter

Features : Apart from providing reliable protection, this splitter can fit a variety of boxes and other enclosures. Fiber type: 2mm fiber

What are the types of splitters? How to choose a splitter?

Optical splitters can be divided into box-type optical splitters, tray-type optical splitters, rack-mounted optical splitters,

optic splitter

We manufacture a comprehensive range of fiber optic splitters including ABS Box Splitters, LGX Splitters, Cassette Splitters, Rack

Optical Splitter Manufacturer

Designed for durability and precision, our splitters are available in various packaging types—such as Cassette, LGX Box, and Mini

China Optic Splitter Box, Optic Splitter Box Wholesale, Manufacturers ...

The Optic Splitter Box is an essential part of our Fiber Optic Equipment offerings. Selecting factory-priced fiber optic equipment can

Fiber-optic splitter

A fiber-optic splitter, also known as a beam splitter, is based on a quartz substrate of an integrated waveguide optical power

Different Package Type PLC Splitters

Different types of PLC splitters are designed to meet the different needs of OLT and ONT connection and splitting of optical signals in
