

What is SR cable tray and what is its price

Article Overview

SR Cable Tray prices vary depending on type, material, size, and finish, with options including ladder, perforated, and solid-bottom trays made from galvanized steel, stainless steel, or aluminum.

Types of SR Cable Trays

SR Cable Trays are available in multiple designs to suit different installation needs :

- Ladder Type: Features side rails connected by rungs, ideal for heavy power cables and providing excellent ventilation.
- Perforated Type: Solid-bottom trays with perforations for airflow, suitable for medium loads and easier cable management.
- Solid-Bottom Trays: Fully enclosed trays for sensitive cables requiring protection from dust or moisture.

Material Options

The material of the cable tray significantly affects durability and price :

- Galvanized Steel: Offers strong corrosion resistance and is cost-effective for industrial applications.
- Stainless Steel (304/316): Provides superior corrosion resistance, ideal for harsh environments, but at a higher cost....
