

What optical module manufacturers are there in Nigeria

Article Overview

Nigeria has a growing optical products sector, with over 30 local manufacturers primarily focused on ophthalmic lenses, optical frames, and related products, though advanced optical modules are mostly imported.

Market Overview

The Nigerian optical module market is largely import-dependent, with over 95% of advanced optical modules sourced from international manufacturers due to the high technical requirements and precision needed for telecom, data-center, and industrial applications. Local assembly and testing of standard-grade optical modules are emerging but currently account for less than 5% of total demand. The market is driven by expanding fiber networks, data-center construction, and industrial automation, particularly in Lagos, Abuja, and Port Harcourt.

Local Manufacturers

As of 2026, there are 34 verified optical products manufacturers in Nigeria, with the highest concentration in the Federal Capital Territory (FCT) and Lagos, each hosting 10 companies. These manufacturers primarily produce:

- Ophthalmic lenses (single vision, bifocal, progressive)
 - Optical frames and sunglasses
 - Lens coatings and accessories
- Notable local companies include Mega Optics, which...
