

Which brands of spectrometers are available

Article Overview

Top spectrometer brands include Thermo Fisher Scientific, Agilent Technologies, Bruker, SPECTRO, B&W Tek, and AMETEK, each offering specialized solutions for research, industrial, and field applications.

Major Global Brands

Thermo Fisher Scientific is a dominant player in mass spectrometry and molecular spectroscopy, known for advanced detector sensitivity, AI-driven software, and modular platforms suitable for research labs and field applications . Agilent Technologies provides high-performance benchtop and portable spectrometers, emphasizing user-friendly software, workflow efficiency, and sustainable design, widely used in life sciences, chemical industries, and academia . Bruker Corporation specializes in FT-IR and micro-XRF spectrometers, offering precise chemical analysis and quality assurance tools for laboratory and industrial use . SPECTRO focuses on optical emission and X-ray fluorescence spectrometry, including handheld models for metal recycling and automated elemental analysis . B&W Tek is recognized for Raman spectrometers, providing mobile, affordable solutions for pharmaceutical, biomedical, and safety applications . AMETEK, Inc. delivers advanced analytical instruments, including spectrometry solutions for diverse industrial and scientific sectors .

Other Notable Manufacturers...

Article Content

Top 100 Spectrometer Manufacturers in 2026 | ensun

Identify and compare relevant B2B manufacturers, suppliers and retailers. Max. SPECTRO is a leading provider of spectrometers,

Top 10 Spectrometer Brand & Manufacturers

This section provides a list of the top 10 Spectrometer manufacturers, Website links, company profile, locations is provided for each

11 Infrared Spectrophotometer Manufacturers in 2026 | Metoree

Additionally, the company offers accessories for cameras and spectrometers, along with certain interfaces. High-precision mirrors

Spectrometers & Spectroscopy Equipment | Edmund Optics

Explore optical spectrometers, systems, and components for spectroscopy, detection, and analysis. Ideal for UV-VIS, NIR, Raman,

Spectrometers – Buyer's Guide & Supplier List | RP Photonics

This buyer's guide for spectrometers provides technical background, comparison of major types, selection criteria, and an overview

Spectrometer Manufacturers

A Spectrometer is a scientific instrument used to measure and analyze the properties of light over a specific portion of the

Spectrometer

Find your spectrometer easily amongst the 755 products from the leading brands (Thermo Fisher Scientific, RENISHAW, LIMING, ...)

Spectrometers

A Spectrometer is a scientific instrument used to measure and analyze the properties of light over a specific portion of the

Top 10 Leading Spectrometers Companies to Watch in 2025 and

Explore the spectrometers market's most influential companies driving innovation, competitive performance, and industry trends in

Spectrometers – Buyer's Guide & Supplier List | RP Photonics

133 suppliers for spectrometers are listed in the RP Photonics Buyer's Guide, out of which 14 present their product descriptions and

19 Mass Spectrometer Manufacturers in 2026

19 Mass Spectrometer Manufacturers in 2026 This section provides an overview for mass spectrometers as well as their applications

Mass Spectrometers Manufacturers and Suppliers | GlobalSpec

Find 127 Mass Spectrometers suppliers with GlobalSpec. Our catalog includes 106,483 manufacturers, 20,794 distributors and

Mass Spectrometers Manufacturers List

Coverage of mass spectrometry principles, various instrument types, and diverse applications for molecular identification and

Elemental Analysis Solutions & Analytical Instruments | SPECTRO

SPECTRO is a global leading supplier of advanced analytical instruments like ICP, Arc Spark OES, and XRF spectrometers for

67 Spectrophotometer Manufacturers in 2026

67 Spectrophotometer Manufacturers in 2026 This section provides an overview for spectrophotometers as well as their applications

Spectrometers

Compact, versatile spectrometers covering UV, Visible and NIR wavelengths are available for lab, field and process solutions.

Spectrophotometers Manufacturers List

Descriptions of spectrophotometer types and applications for absorbance, transmittance, and concentration measurements in lab

Top 10 Spectrometer Brand & Manufacturers

Find the Top 10 Spectrometer brand, manufacturers, and exporters. Get the contact details and addresses of companies producing

Spectrophotometer

Find your spectrophotometer easily amongst the 329 products from the leading brands (Thermo Fisher, Mettler Toledo, X-rite, ...) on
